*Report on Health of Animals.*

The Bantering Bull (old) has been ill since early this morning; Symptoms of any particular kind were not very pronounced in the morning, but suspecting something wrong Heard written to Dr Greenhill of Cook & Co who very kindly came and examined the heart. and prescribed some Medicine, I have kept the Animal quite separate from others in the North west Corner of the Garden. The animal is looking just the same as in the morning Dr Greenhill came down, also in the evening.

*Report on Health of Animals.*

Tigress –

old Tiger – much better as far as it's diarrhoea is concerned, but otherwise very dull. I stopped its beef and gave a fowl which it has killed but not eaten

old Rhinoceros ♀ I starved it for a day with a view to take it out & put in with the Chittagong one but it has not been eating since. It does not however, appear that she is otherwise ill.
